

Revealing the Big Picture

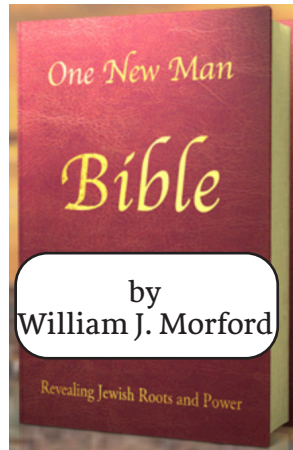

Snapshot Bible Concept: "Scripture Translations that use Hebrew Roots"

These Scripture Translations (all relatively new), were translated with an extensive understanding of the Hebrew language & culture of the times in which they were written. Also, some tap into Hebrew manuscripts discovered since the Dead Sea Scrolls.

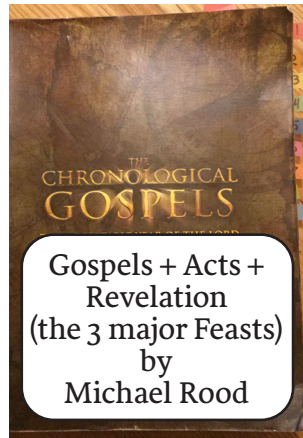

This excellent approach results in some startling verses that shake the traditional religious mindset. Their extensive documentation backs up the new burst of light & truth they bring to this dynamic time of the new "Reign of Yahshua" on the earth!
