First Publication of the Hebrew Gospels Project!

The Epistle of James from the Hebrew

James (Ya'kov), the brother of Yeshua the Messiah was one of the most critical players in the early history of what we now call Christianity. According to Paul (Shaul) and *The Hebrew Gospels*, Yeshua, after his resurrection, appeared to James and Cleopas and anointed his brother James as the leader of the Nazarenes. This is a story left out of the Greek Gospels and Church history. The emerging Greek Church did not want to sanctify a Yeshua dynasty. The Greeks wanted a Greek dynasty not a Hebrew one. They wanted a Greek Church and to make it authoritative they needed Greek Scripture, Greek doctrine, a Greek God, and a Greek Jesus. So Christians typically have no idea that four of Yeshua's Apostles were relatives - nor that his brothers James and Jude, and his cousin Simeon, were the leaders of the Messianic Church during its spread throughout the world. Little note is made of James' thirty years of leadership of the Nazarenes.

Even James' vibrant message in his Epistle is made to sit in the back of the bus, rather the back of the Bible, with the other Hebrew Epistles - Hebrews, James, 1st-2nd Peter, 1st-3rd John, Jude and Revelation. James' message is one that rocks the Greek Church on its heels. It is not by faith alone that we are saved! If you claim faith but take no action then you did not get the complete download! Most importantly, James puts the Torah back in Scripture making it crystal clear - he that slanders the Torah is trying to be the Torah - to assume the role of Yehovah. As the Messiah did, James also declares the Sacred Name of Yehovah.

Stay tuned - the Hebrew text of Revelation due for publication this year - 2021!

Fall is Here and the Sky is Falling! *Prepare for the second round of School Shutdowns*

I predicted, in *The Coming Crisis: Answering the Call from Sinai in a Time of Chaos*, that government would not let go of this awesome new power they have assumed. Declare a health emergency and with the stroke of a pen one can shut down all schools, churches, and whole industries with them. Almost 40% of small businesses went bankrupt in the last lockdown along with as many congregations. Let us not abandon the battlefield to the forces of chaos!

Scripture tells us what to do. We must take personal responsibility for our children's education (and our own by the way). The world we have known is falling down all around us and our future is in the hands of Yehovah. Yet we must still educate our children of today and tomorrow despite the coming crisis. We must give them a Godly education, and **when you do things God's way the results are not ordinary - They are extra-ordinary!** Make the decision now to put away the weak tea of public education and embrace the nectar of God and the bread of life that He offers us in His Bar (and Bat) Mitzvah program. **The Benai Emunah Institute for Accelerated Learning** was founded (in 2004) exactly for this purpose - to provide a world-class Godly education for our children and ourselves. When Yehovah calls you out of the system he also calls others to equip you. Benai Emunah is your equipper!

What to do about Covid if you Do Not Want the Vaccine!

Start with increasing your Vitamin C, Vitamin D, and Zinc. These are vitamins, you cannot overdose on them. A gram or two a day of Vitamin C is fine but if you are ill it is rapidly depleted so a gram an hour is not too much. Hydrochloroquine is available over the internet. It has been used safely for almost a century for virus control and is very inexpensive. A new treatment that works is Ivermectin - a well-known medicine that is approved as an antiparasitic by the World Health Organization and the US Food and Drug Administration. It is easy to obtain but must be mixed in appropriate proportions, details can be found online. All these are critical if you become symptomatic! For prevention you need Glutathione!

A healthy, strong immune system is our wall of defense against disease, made of bricks of glutathione - the master molecule of the body. Every cell in the body produces glutathione to protect itself against disease. After 20 years old however, our production of glutathione goes down about one percent a year. More than 160,000 research articles on the central role of glutathione can be found on pubmed.com. The latest concludes that a deficit of glutathione, is the major factor in Covid deaths. ProviZion's GSH+ is the most advanced Glutathione formula, as it is fully bio-available. GSH+ is highly effective and inexpensive. The ProviZion company is co-founded by George Redinger who is a Messianic believer.
