## **A SIGNIFICANT DREAM FOR TODAY**

This dream will be a great blessing to all who have an ear to hear the Spirit speak through dreams. By experience we know, that the same God who spoke to plain people as well as to kings and prophets through dreams, still speaks to those whom He has called this day.

It is good to remember that in most dreams, and so in this particular dream, the characters who are well known people do not represent their personal selves, but are symbols and types. Also, it is good to remember that we tend to want a dream to speak according to the desires of our hearts, and that is not usually the case.

This dream was sent to me by a dear sister in the Lord. She and her husband have been on this walk for many years. She prefers to remain anonymous at this time.

Dream March 31, 2024

I was watching Elon Musk scurry around trying to get things done, as he could not seem to be organized. He turned and looked at me and asked if I wanted a job. I said yes and that I would help him get things organized, but told him that before I do he would have to sign a contract as I was not going to let him walk all over me. He agreed and said he would pay me \$80,000. I then went back and told the person that I work with that I had another job and that I would be leaving. She got mad. That was the end of the dream.

Interpretation on Aug.16,2024

Being the richest man in the world, Elon Musk is also most powerful. In this dream, he represents, not himself, but the most powerful and richest powers of the world; the systems and governments that rule over the people.

These powers are in dissaray, totally out of order, and are scurrying around trying to get some order back but it is out of their control. They are coming to the realization that their office, their governing has lost all sense of dignity, honesty, justice and truth; they have been taken over by evil, and peace is nowhere in sight. It is at this lowest point that Christ appears on the scene. Indeed, Christ has been there all along, but they have turned away thinking that they knew best how to rule the world.

The Dreamer here, represents the truth, the justice, the peace that is Christ in a called out people today. The time is now, when the world's powers will recognize their need for help to restore peace and justice in the world and will call on the Lord.

In the realm of Spirit, a contract between Christ and the world is being ratified and signed, and the effect will soon be felt in the world. As the Dreamer accepted the job, so Christ, through chosen vessels, is taking over the job to reorganize

the world according to the ways of honesty, justice and truth. This is about to be felt as that which is being done in Spirit will soon be seen in the world.

This is a step in the "manifestation of the sons of God." As it showed in the dream, Christ will not be bought, manipulated, swayed or pushed around in any way. It will be costly but the powers that be will pay the price of \$80.000 which symbolically is an all new beginning. The old systems will be laid down and dissolved, and all will become new. Number 8 is the number of new beginning. It is the number of the age that is now before us. Even that which had a measure of decency is being dismissed and making room for the government of God which is now at hand.

This prophetic dream is showing us what is happening right now in the heavenly realm where our Lord and His Christ rule over the kingdoms of men. The contract between God and the world is being signed and the "old" is being left behind.

All the woes that we have been through already, were preparation for this day; they were the destruction before the restoration. Watch carefully, now things are going to happen quickly. All evil will be revealed and destroyed, on all sides, and the way of truth will be established. It will not be your way or my way; it will be the right way. In the dream, the old employer was dismissed and not happy. Some will mourn the ways of old, but truth is marching on!
