

Revealing the Big Picture

**Snapshot Bible Concept: "The Sabbath Day"**

Christianity is misled, thinking the 4th-commandment changed or is obsolete. Why? Religious tradition took priority over what the Bible actually says. Nowhere does it say that it was changed to Sun-Day, (the day of sun-god worship). Instead, keeping Sabbath is a sign of the Covenant (Ex 31:13), to be observed perpetually through all generations!

**The Sabbath Millennials** (2Peter 3:8)

6,000 Years of Labor under Satan

1,000 Years of Rest under Messiah

And there are many other Sabbaths patterns as well! Hebrews 4:9 tells us that it is therefore the duty of believers to keep the Sabbath (Knox translation & others, but misleading in the KJV & many others).
