

Revealing the Big Picture

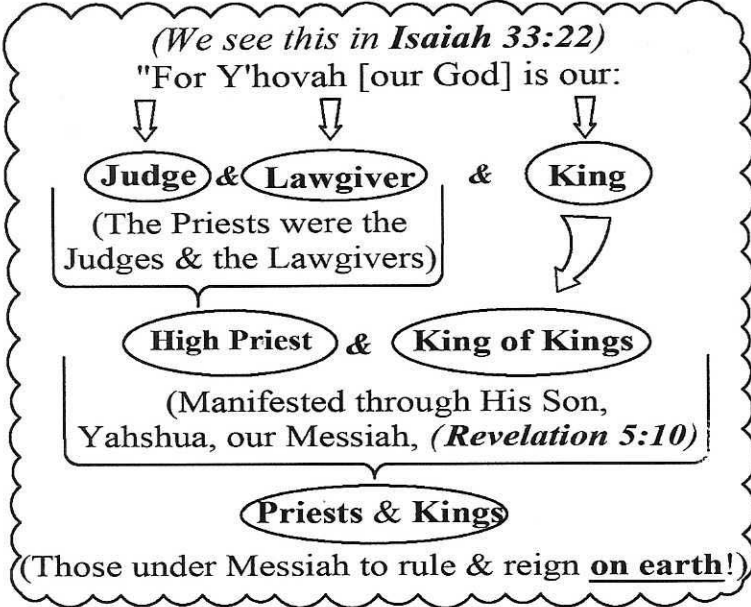

Snapshot Bible Concept: "Politics"

Christianity is confused on several points about "Politics," not surprisingly since religious tradition teaches, "We are not of that Kingdom," quoting John 18:36. But is that the whole picture? Our government is from the Constitution, based on the Bible as a Covenant with God.

God's Kingdom
is the Kingdom of His Son,
is the Millennial Kingdom,
is God's Government (Him in us)

...which is based on who God is...
...His standard
...His character & nature
...in a people on the earth (**Hebrews 8:10**)

So how does God define His Government that is now being established on earth?

So now we see the Biblical basis for our **Constitution** of 3-branches of "We the People."
↓ ↓ ↓
Judicial & **Legislative** & **Executive**
(Judge) (Lawgiver) (King)
Yes, "We the People" are to be involved in righteous ruling in these 3-branches!

Like Israel, the USA was established in Covenant with Y'hovah. Both countries called its people to be a light to the nations to bring both judgment & righteousness. Then the nations would turn to Y'hovah.

Note too, that the word "church" is a very misleading translation from the Greek "Ekklesia," which means "the ruling council." Ekklesia had been used that way over 100-years before the Apostles. There is a different Greek word for "church," which means building / system, (not our Kingdom!).

The believers, like Priests & Kings, were called to be the ones in charge in government, (from which the term "town elders" stems). With righteous rulership, families would flourish & the Gospel could be quickly spread. Yes! believers are not only to be involved with politics, but also to be the rulers.

Believers not voting, not running for office & not supporting righteous candidates all left a void for the wicked to step into & rule.
