The Awakening to Vote

Yes, this is the end of an age. Y'hovah is separating the tares from the wheat. Each group is becoming more pronounced. The converging Light gets brighter as the Dark gets darker. The middle ground is disappearing. People can no longer stay in the mixture. God is spitting the lukewarm out of His mouth. He is speeding up the separation. Those who have a heart for truth are being given more; while those who harden their hearts are given further delusion by God Himself. They glory in their shame. They think that bitter is sweet and sweet is bitter.

There truly is a great awakening for truth-seekers as they network with other hubs of light & truth. Our increased awareness is moving us into shifting our actions to make a difference, including the stirring to vote.

We are witnessing the most amazing global move of God's Spirit that I have ever seen in my lifetime. It is not as past moves of the Spirit, and as usual the religious system is totally missing it. We see this move as an avalanche of truth in every area, not just in the Word. Truth is also flooding areas of health, medical cures, agriculture, education, science, media, astronomy, energy, politics and more. God's Kingdom is rising up as the present world system is being dismantled. The transition between kingdoms is messy but nearing an end.

To not vote is giving permission for the darkness to take more ground. Thankfully in the 2024 election, believers woke up significantly to vote...even tens of thousands of Amish. And it made the difference at the Federal level. For example, see the following list, (from a tweet by Donald Trump Jr, as posted by Liz Wheeler on 11-09-24.

A few high points *IN JUST THE FIRST 2-DAYS* after President Trump was elected:

- Stock market hits record high
- Migrant caravan at our border dissolves
- Hamas calls for end to war
- Bitcoin hits record high
- Putin ready to end Ukraine war
- Qatar kicks out Hamas leaders

- EU [European Union] will buy U.S. gas not Russian gas
- Putin will sell oil in U.S. dollars
- Zelensky phones Trump & Elon
- NYC Mayor ends vouchers for illegals
- Mexico to stop migrants at U.S. border
- China wants to work peacefully with us
- Big U.S. company to move out of China

As for Maine, the Republicans came short of taking control of the House by only 100 votes! This was while thousands of believers in Maine stayed silent (didn't vote), largely due to erroneous religious teaching. Here is the crux of what they use to justify their inaction:

- “God is in control. We pray.”
[But faith without action is dead.]
- “We are to honor all those in authority.”
[This is Peter's quote out of context, for he also said, “Should we obey God or man?”
In other words we honor all those in authority who align with God's Word, (and that's how we are to vote).]
- “We are not of that Kingdom.”
[Scary! Which Kingdom are they identified with?...the world religious systems of men?...and not a part of the Kingdom of Light that takes a stand against unrighteousness!] To not vote is like letting any stranger take the car keys.

Did you ever notice how so many top leaders now proclaim our Savior, and give glory to God? Yes, even President Trump. This trend will accelerate. Thanks for waking up and joining the winning team!
