

Truth Nuggets Part 11

Millennial-Kingdom Myths (Part 7)

Religious traditions of men keep their “sheep” corralled. Only the persistently spiritually-hungry escape. It takes humbleness to be open to new truth that may be contrary to existing beliefs. But truth is rising. The fact is that the Millennial Kingdom began in 2017, (just not as we were taught).

So, do we have prophetic signs that the new Kingdom began in 2017?

Yes, the sun, moon & stars were created in part to provide prophetic signs, marking certain times as spiritually significant, (Genesis 1:14). Here are a few sky signs that point to 2017 as the start of a new age.

1. On January 30/31, 2018, a Super Moon followed by a blood moon on January 31, 2018 together highlighted 2017 with Trump’s State of the Union Address, summarizing the dramatic changes during his first year in power, (2017). These unusual moons at that time were the first bookend for Trump’s 2nd-year of rule. The concluding bookend of that second year of his reign was January 20/21, 2019...when there just happened to be another blood moon! These signs point to 2017 as the year that the Greater Exodus from the corrupt, Satanic world system had begun, and continued on in 2018.

2. March 30/31 2018 we had another Blue Moon, (the rare 2nd-full moon in a month). The significance? This is also Nissan/Aviv 14, the Biblical date of the Passover. Passover triggered the Exodus from the bondage of slavery while birthing the nation of Israel. It was a prophetic sign that the Greater Exodus of the end of the age (of Satan’s Rule), had begun.

3. The 12 constellations portray the story of God’s Plan for the Messiah, salvation, a deliverance, an exodus of mankind from Satan’s grasp. This heavenly message is called “The Mazzoroth” in the Bible. Each constellation is prominent in each month of the year. However, the earth wobbles, completing a wobble once every 25,000 to 26,000 years. Because of the wobble and the tilt of the earth’s axis, the night sky looks different over time. The North Star will not always be the northernmost bright star, and the

constellation seen at the spring equinox will be different about every 2,000 years. From Yahshua to today it was Pisces, the chained fish, which represented the time of the assembly of believers. But about 2017 it shifted to the constellation of Aquarius, a man pouring from a big jug. This symbolizes the Messiah pouring out the Holy Spirit upon the earth with a cleansing of the earth from all that has defiled it. It is a change of world government/kingdom!

4. And then there were the three unusual eclipses that swept the USA. The first was August 21, 2017, announcing the big change to start about a month later. The next was October 14, 2023, then April 8, 2024, just before the conclusion of the first 7-years of rulership change. The path of the 8-21-17 eclipse went through at least 7 towns named "Salem," which means, "Peace." This eclipse spoke that the transition into a rulership of peace was largely accomplished in the heavenly/spiritual realm, thus to be manifested in the earthly realm in the next few years.

The path of the 8-8-24 eclipse passed over all 10 USA cities named "Nineveh." This signaled an unexpected wave of repentance to come, followed by peace, as we read in Jonah. And we've been seeing repentance, campus revivals, and mass baptisms across the country, especially among the younger generation.

5. Another sign of 2017 being the start of the Millennial Kingdom is that if you count Jubilee years since Adam, 2017 is the 120th Jubilee year ($120 \times 50 = 6,000$ years), the "6-days" time period given to man to be subject to labor/bondage under Satanic rule. It is time to look up and rejoice!
