

## Truth Nuggets Part 15

### Millennial-Kingdom Myths (Part 11) Ruling with a Rod of Iron

The myth?...that God's day of wrath is focused on Babylon, and that America is the modern day Babylon. But it is the wicked who need to fear, not the righteous among them. It is not a physical nation that encounters elimination, but rather a Satanic global world system.

There is a change in leadership as we continue into the Millennial Kingdom. "Overcomers" rise up with authority over the nations, to rule them in righteous judgment (Revelation 19:15), with a rod of iron, (Revelation 2:27). Those who commit wicked deeds are not tolerated. The overcomers bring accountability.

The whole corrupt world system in the lap of Satan is referred to as "Babylon." Today, the self-centered elites delight that for thousands of years their Babylonian system has successfully trampled truth in the streets. Daydreaming that they have full world control deludes them into imagining that all is peace & safety for themselves, but suddenly they are waking up to a new reality, (1Thessalonians 5:3). The overcomers have shown up.

The 6,000 years of domination for the entrenched establishment hit a major road-bump in 2017, when a new age began. The day of the wrath of God is here...not for the whole world, but for the anti-God world system ruled by Satan. God's vengeance/judgment is not for His people. That is why He proclaims to come out of Babylon, so we won't suffer with them, (Revelation 18:4). He is not saying to move to a different physical location as Lot needed to, but to switch allegiance from the Kingdom of Darkness to the Kingdom of His Son. It's judgment time. They run in fear to hide, but we look up and rejoice! He's empowered his earthly overcomers to join the heavenly angels in pulling the tares, the evil sovereigns of the earth, (Revelation 6:15-17).

Robbing, killing, destroying & deception strengthen the evil principalities; but their power base is being decimated. We are witnessing thieves & murderers apprehended & brought to justice. Violent illegal aliens are being caught by the thousands & sent

to jails here or in other countries. Child sex trafficking rings get busted. Missing children are being located while their abusers are being relentlessly tracked down. Drug cartels are being annihilated. Questionable characters are facing grand juries for treason, bribery, mortgage fraud, theft, perjury, and more. Ironically many of them are facing justice for false crimes they tried to project onto the innocent. Crime rates plummet. Truth is no longer trampled, but rather is rising up to shine a light on hidden transgressions. Meanwhile, God's stone kingdom grows, (Daniel 2). Gen Zs are embracing the Bible. Revivals stir on college campuses. Hostages are being released and truth is replacing the fake mainstream news media.

Trump has generated tariffs as a tool to end wars, and to force nations to take on responsibility for their actions. The money supply of the Deep State is being cut off by tanking USAID, auditing NGOs, DOGE fraud investigations, tracking money trails, exposing bribery, & ending funding for universities & museums with WOKE agendas... and much more!

Deception at the ballot box now faces an Executive Order for no ballots counted after voting day, voting machines replaced with water-mark paper ballots, and US citizen ID. A new census that counts only American citizens is underway to establish accurate counts for the number of Reps for each state. As people flee blue states for red ones, redistricting causes red states to gain seats while blue states lose them. And the best is yet to come!
