

## Truth Nuggets

### Nothing can Stop the Avalanche of Truth!

What on earth is God doing!!!? It's easiest to understand within the big picture. So, what's that? Well, first, this is the end of an age, as described in Daniel 12:4, the time of a great increase in travel & knowledge. It is the time of harvest. All things, both good & bad have come to full fruit to be easily separated. It is the time when hidden things are revealed, (Daniel 12:8-10, Matthew 10:26, Mark 4:22).

What things?...tares & wheat, representing the true core of people & organizations as evil or godly. But also things hidden in the Word, in science, archaeology, medicine, history, outer space, & more. Surprisingly, also the long-buried ample evidence to acts of murder, theft, money laundering, treason, lies, sexual sins, etc. are being uncovered, with whistle-blowers everywhere. In this time of harvest, the tares are pulled before the wheat is gathered. Your sin will find you out, (Numbers 32:23). It is the time for justice! For example the head of the CDC, (now fired), was found out to be a self-proclaimed Satanist. Real motives & deeds of Democrats & RINOS are being revealed. Voting fraud & money laundering is being exposed like never before.

In summary, God brings great shakings in order to bring a great awakening, in turn to bring a great separation. Then judgment can come. We saw this pattern in the Exodus as the separation culminated with judgment at the Red Sea crossing.

Following the separation, the dark side is destroyed while there is a convergence of light. The wheat, the people of truth are networked, united, and shine as a city on a hill. These trends are apparent in current events, so let's look at them.

The biggest news story of the time is the assassination of Charlie Kirk, the founder of the highly effective "Turning Point USA," whose focus is to bring truth to high school & college students. The enemy was infuriated at losing a whole generation as they swung from deception to faith, family, & patriotism. A long-term ploy has been to keep truth out of the arena, so that lies could dominate. The enemy attempts to silence truth at all costs.

But Satan's attempt failed. Now truth is flooding the earth. It is the time of the "Greatest Awakening." The enemy cannot stop what God is doing...there's a new king over the earth! The mop-up of the old is in progress. Truth always wins once it is seen.

Truth is seen both as the Word and Spirit (in a people), the two witnesses to truth, as represented by Moses (Word) and Elijah (Spirit), both at the transfiguration, and in Revelation 11. After initially giving the Word & then the Spirit, the truth was trampled to death; however, (especially since 2017), truth has risen up in new life. This panics Satan and his earthly agents. Knowing their time is short, they come forth with a flood of lies & violence, but to no avail.

At this time, all is backfiring on the enemy, including the murder of Charlie Kirk. They sowed the wind, but they are reaping the whirlwind, and it has just begun! His death unleashed a global movement of infuriated young people, transformed from hate to love, who are determined to carry the torch to awaken their peers. God works all things to the best for His people who fit into His plans. Watch the Kennedy Center memorial of Charlie Kirk to realize that this is "a God-thing." Those who avoid politics for religious reasons are sadly missing out on what God is doing. He wants his people to take dominion, especially in preparing the way for the new standard of government. We are to be the light of the world, especially in government. It's all about who will rule, in us, and upon the earth.

And have you too noticed the convergence of light in law enforcement, who worked together to bring the killer to justice? and the uniting to clean up our cities from crime? ...and the combined effort to eradicate drug cartels? And we spot the teamwork among the Republicans in the House, Trump's cabinet, between the USA & Israel, plus among branches of the military, not to mention amidst believers outside of denominational walls. And things are accelerating!
