What's Ahead?

What's next?

We don't have to be prophets to see the big picture of what God is doing as He solidifies Millennial Kingdom control with increased intensity.

First, as we daily progress into the Millennial Kingdom, there is more light & truth. That means hidden things will be revealed at an accelerating rate. So we expect that more murder cases will be solved, (think Seth Rich, Obama's Chef and those who knew too much who supposedly committed suicide). Be encouraged, we'll see top players brought to justice, including those involved with voter fraud.

We can also expect to see missing children found more-so than ever. Expect also to see an explosion in the number of new & startling inventions. We anticipate amazing archaeological finds that will solve many mysteries. Plus we'll see incredulous health & medical breakthroughs. Secrets of the universe will no longer be secrets. Perhaps most exciting will be more accurate Bible translations, with the misleading & mistranslated items ironed out correctly, as well as additions that were made to push a doctrine, and deletions for the same reason. We are already seeing better translations by Miles Jones, Janice Baca, Michael Rood (and others), of certain books of the Bible, as well as the completion of "The Passion Translation," by 2028).

We'll witness the complete demise of the mainstream fake-news media, replaced by truth media dominating center stage. CNN in airports will be replaced with a truth alternative. As hidden things are revealed (Luke 12:2), we'll be shocked to see that things are not always as we were taught. Certain "solid" doctrines will be seen as false. QUESTION ANY DOCTRINE THAT HAS MORE THAN ONE SCRIPTURE THAT CONTRADICTS IT!!! The Bible as originally written by the prophets does not contradict itself, (2Peter 1:21-22). Question "Trinity," "Incarnation," "Messiah as co-Creator," "The 4th commandment (Sabbath), changed," "Unclean foods are now OK," "Messiah ministry was 3.5 years," "We are to now keep the pagan-originated "Holidays" in place of the Biblical mandated Holy-Days," "The Law was done away with," and

many more, (Jeremiah 8:8 & 16:19). For Sabbath truth read Charlie Kirk's book, "Stop in the Name of God," available December, 2025.

Expect to see Israel acquire more land...lots more in the long run...from the Euphrates River to the Mediterranean Sea. There will never be a 2-state solution. Do not expect to ever see a Palestinian state. Gaza, Judea & Samaria & "River to the Sea" were given to Israel by our Creator, Yehovah. It is the time for more light & truth, so that means more right-alignment, higher standards, accountability, & divine order, in hearts, homes & nations. Yes, Daylight Savings Time will go away, and so will the unconstitutional "ranked-choice voting."

The righteous will predominate in authority. Republican Jack Cattarelli will become Governor of NJ, and Republican Winsome Earle-Sears Governor of Virginia. I also believe the 2026 mid-terms will conclude with a very solid conservative Republican majority in the House & Senate, with far fewer RINOS & far more MAGA people. Then rogue judges will be swiftly impeached. The sweeping changes will be hard to keep up with. And the righteous will increasingly rule with a rod of iron. Expect military tribunals as soon as 2027. Expect more of the wicked in Congress & in the Judicial System to be removed for their crimes, replaced with godly people of the constitution.

Shakings will be more severe, both in weather, earthquakes, volcanoes, cosmic, and spiritual realm, to wake up the lazy & willfully ignorant, especially the religious who don't vote. But the awakening will be more pronounced, and the separation more evident, followed by justice more extensive than we could have ever imagined. Increased separation means increased polarity, thus increasing conflict. As the devil becomes more desperate, his lies will become more ridiculous and the violence more senseless. The clashes between good & evil will become more severe & dramatic. This means increase of assassination attempts, terrorist attacks, & subterfuge from within. Things will often look scary, but we are anchored in the truth that Yehovah orchestrates these events to draw the enemy into a trap to be eliminated. So buckle up!
