The Start of the Millennial Kingdom

Some believe the Millennial Kingdom doesn't begin until Yeshua comes down from the clouds onto the Mount of Olives, whereas we have said that it already began in 2017. What does the Bible actually say? A good English translation (such as "The Scriptures"), clearly shows in Zechariah 14:4 that it is Yehovah, the Father, (not Yeshua the Son), who comes to the Mount of Olives.

Next, Acts 1 does not say where Yeshua returns to, but merely that he will return in the same manner/way in which he left. He was received into clouds, so he will be revealed from clouds. Clouds are seen as people of faith who are witnesses, (Hebrews 11:1). And what did Yeshua say right before his departure? He said, don't try to be a witness until the Spirit (the real witness), infills them.

Furthermore, we note that the great earthquake that splits the Mount of Olives when Yehovah comes down links us in Revelation 11 to the time when the two witnesses rise up after being trampled for three & a half "days," (which can also represent 3,500 years, 2Peter 3:8). Their arising brings a great shaking, defining two ways to go. For more context we view the two witnesses in Zechariah 14 as the two olive trees supplying oil to bring light. The two witnesses are not two men who were dead and come back to life, just as they are not two trees. The men & trees are symbols.

The two witnesses are the Word (signified by Moses), & the Spirit, (signified by Elijah). The Word was given about 3,500 years ago. The Spirit was given on that same date, but much later. The Word & Spirit of Yehovah are the two witnesses supplying the oil that brings light. Both Word & Spirit have been persecuted & trampled during that whole time, and thus they were no significant threat to satan's hold on his corrupt world system. But when they rise into a cloud, satan panics! For the first time the Word & Spirit are no longer outward, but have arisen to a higher life by being written in the minds and on the hearts of God's people. They will follow the Lamb wherever he leads, and will do the right thing no matter the cost...and be empowered by His Spirit to do it.

One more piece of the puzzle. The earth is Yehovah's footstool, the earth is where His feet are seen. His feet are seen as His people, His Sons. The elder son is Yeshua, the Head Son. All who hear and obey Yeshua by Word & Spirit are younger brothers, His Body. Together, they reflect the character & nature of the Father. It is the feet (the Head

& Body of His Sons), that crushes the head of the serpent. They are vessels of his Word & Spirit, (olive oil). They are leaders in the Stone Kingdom/Mountain that are the front lines to destroy the world rule of satan, (Daniel 2). They are olive tree witnesses on top of this Mountain/Kingdom of Olive trees.

Putting it altogether, since 2017 we have seen the Word & Spirit work through people of no compromise to bring real change upon the earth. It was the year when Virgo in the heavens birthed a son, when there were 4-blood moons, all on Biblical Feast Days of Yehovah. It was the year of Jubilee, when ownership & wealth & who ruled began to change hands. And it was when Trump began to rule. Many other defining points occurred & followed to confirm that 2017 was the game-changer year. Wickedness came to full fruit, was thus exposed & woke people up. Then Trump returned, cutting off the money, blood flow, and control that propped up the corrupt world order. Additionally, Nations began to come into divine order.

The Word & the Spirit in a people as Sons have already touched down on the Mountain of His Kingdom, and have already struck the corrupt world system, starting in 2017. The great shaking that causes a divide between people has already begun. The cracks in the statue of man in Daniel 2 are spreading rapidly, and we can see the whole corrupt satanically-run world order going down, proportionally being replaced by Yehovah's Kingdom on the whole earth. We are winning the tug-of-war!
